

WHAT IS ORANGE, GOES ON WATER AND HAS NOT BEEN BEATEN FOR 30 YEARS?

NEWMATIC the Rigiflex safety range

Newmatic 360

POLYETHYLENE
Anti-UV treated
100% recyclable !

THE BENCHMARK IN SAFETY SAILING SCHOOLS, ROWING CLUBS, WATER-SKIING CENTRES, FIRE-FIGHTERS, HARBOUR AND LIFEBOAT SERVICES

Their mission: our safety! From the very beginning, these orange boats with their timeless lines have won the confidence of professionals engaged in technical tasks or rapid rescue operations at sea and on inland waterways.

Extremely robust and seaworthy, Newmatics boats are stable and easy to handle. Their roto-moulded hulls (indestructible, maintenance-free and 100% recyclable) are fitted with carrying handles and can easily be towed on a trailer by an emergency vehicle. The boats are fully colour-impregnated orange or red, they are treated against UV radiation so as to retain their original appearance for many years.
